

FRIENDS OF EUROPE

122, ST. STEPHEN'S HOUSE,
VICTORIA EMBANKMENT, WESTMINSTER, LONDON, S.W.1

OBJECTS :

1. To encourage effective co-operation for the prevention of war and the establishment of peace.
2. To provide accurate information about Nazi Germany for use throughout Great Britain, the British Empire, the U.S.A., Europe and wherever the English tongue is known.

Dear Sir,

November, 1935.

We draw attention to our Pamphlets and Monthly Survey of German Publications, which have been appearing now for nearly two years, and which have found a high place in British public life as a truthful account and interpretation of the dynamic forces which are shaping the life of the New Germany.

Friends of Europe realise that the German Revolution of 1933 contains forces, notably the "Aryan" blood doctrine, the New Nordic National Religion and the territorial conception of the future Third Reich which, in combination with rapid moral and material rearmament and the great practical capacity for war-making of the Germans, make the Nazi system a main potential danger to the peace of nations and the spiritual life of mankind.

On the basis of an adequate understanding of Nazi Germany, Friends of Europe desire to promote effective co-operation of peoples and Governments (a) in preventing war, and (b), in preparing for the constructive peace which is as truly in the interest of the great German nation as in that of the nations now living under the menace of international strife inherent in the Nazi outlook and programme. In this connection we draw your special attention to the series of consecutive studies of the religious situation in Germany which began in No. 18 (October, 1935) of the Monthly Survey.

Our publications—based on careful and continuous study of available Nazi sources—are intended to be of help to statesmen, teachers, creative writers, students, leaders of business life and servants of the Christian religion.

The minimum subscription is 3 Dollars for both Pamphlets and Monthly Survey to any address for one year, or 1½ Dollars per year for Pamphlets or the Survey separately. For the extension of our work generous donations are needed from all who realise its urgency and importance.

We trust it may enlist your support.

Yours faithfully,

Rennie Smith.

Secretary.
